

REOPENING IMPLEMENTATION CHECKLIST

Move from Knowing to Doing

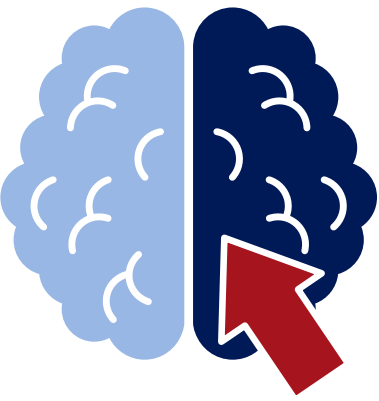

1 TEACHABLE

When implementing change, **select strategies and evidence-based practices** that are teachable and match your system's identified areas of need.

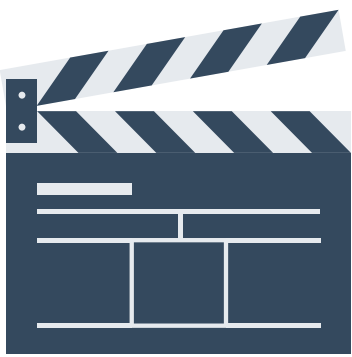

2 EQUITABLE

Involve all stakeholders, including implementers in the implementation design and intentionally maintain a lens for promoting equity by selecting appropriate practices, policies, and/or change initiatives.

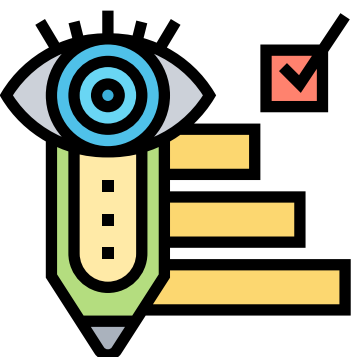

3 LEARNABLE

Draft a professional learning plan to include time and resources that support high quality adult learning practices, so teams develop basic proficiency.

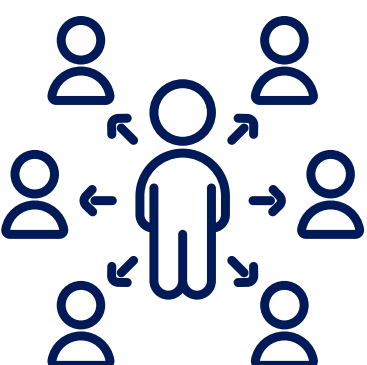

4 DOABLE

Agree to start and get better! Develop collective efficacy with teachers committed to learning and improvement in order to replicate the practice, strategy, or change.

5 ASSESSABLE

Collect evidence of impact. Set goals and assess implementation efforts using improvement cycles along the way.

6 SCALABLE

Think! **Consider the feasibility of scaling up.** Where will we begin and demonstrate success? Dedicate to celebrate small wins to build momentum.
